AUTHOR INDEX

(A) indicates abstract; (P) patent; (R) review; (BR) book review; and (TN) technical note

ALABRUDZINSKA, A. *See* STUDNIARSKI, K.

ANCONA, A. A New Tanning Product Based on Aluminium Polychloride in a Particularly Complex Form. (A) 544

ANDO, H. *See* SUGITA, M.

ARIMA, S. *See* KASHIHARA, T.

ARNDT, E. *See* PLAPPER, J.

BABU, K., K. RAO, K. JOSEPH, M. SANTAPPA, and Y. NAYUDAMMA. Manganese Initiated Graft Copolymerization of Vinyl Monomers Onto Collagen. (A) 433

BAILEY, D. G. *See* BITCOVER, E. H.

_____. *See* COOPER, J. E.

BARTHELL, E. *See* NOWAK, R.

BARTLETT, P. L. Process for Solvent-Drying Leather. (P) 138

_____, D. A. BRANDRETH, and W. R. STEINACKER. Use of Fluorocarbon 113 in the Processing of Leather..... 190

BARTOLI, G. *See* GOMEZ, D.

BAY, H. Notes on Hydrophobation of Various Types of Leather. (A) 420

BECKER, A. Sammier Press. (P) 415

BECKER, H. Shoe Suede and Aniline Glazed Kid from Wet-Blue Goatskins. (A) 319

BECKER, V. The Fred O'Flaherty Award to Velma Becker. The Acceptance..... 312

BELLANDI, G. Function of the Firm Group in the Development Strategy of Small Industries. (A) 545

_____. Productive Decentralization and Workings on Behalf of a Third Party in the Tanning Field. (A) 61

_____. A Tannery Manager. (A) 505

BERNSTEJN, M. M. *See* KRASNOV, V. J.

BITCOVER, E. H., J. E. COOPER, and D. G. BAILEY. Pilot-Plant Study of Flocculation of Suspended Solids in Lime-Sulfide Unhairing Effluents 108
_____, H. J. WILLARD, and A. L. EVERETT. Modified Processing for Concealing Cockle Defect in Sheepskins. (TN) 49
_____. *See* COOPER, J. E.
BLAZEJ, A. *See* SMEJKAL, P.
BOCKELMANN, W., G. UECKER, and H. NIEDERPRÜM. Process for the Preparation of a Chrome Tanning Agent and Glauber's Salt. (P) 143
BÖHM, J. Practical Experiences in the Operation of Draining Cycles. (A) . 320
BOHME, T. H. Treatment of Skins in Organic Solvent Media. (P) 148
BOLOGNA, E.A.F. Actual Situation of Italian Shoe Industry: Dimensions, Production and Economical Aspects. (A) 40
BOSE, S. *See* PRASAD, C.
BOTEV, I. *See* GOSHEV, I.
BOTHAM, B. W. *See* VALKS, R.K.
BRANDRETH, D. A. *See* BARTLETT, P. L.
BRONOWSKI, K., J. SAGATA, and K. STUDNIARSKI. Enzymatic Treatment of the Offal Obtained at Fleshing Machines. (A)..... 227
BROSE, G. Comparative Investigations About the Resistance of Work Clothes Made of Leather and Other Materials. (A) 315
BROSS, H. J. *See* SINN, G.
BRUNI, G. *See* STANCHER, B.
BURKE, N. I. New Uses of Hide Collagen. Use of Corium Layer in Edible Casings..... 459

CAHA, J. *See* SVOBODA, V.
CARTIER, J. E. An Ash Stabilization Process for the Recovery and Reuse of Chromium From Chrome-Laden Tannery Waste and a Treatment Process for Pollution Control of Tannery Waste Water 322
CASSELLA, V. J., and M. R. IRANI. Treating Chrome Tanning Bath Recycle Stream. (P)..... 412
CAVALLO, M. Process for Manufacturing Protein-Containing Artificial Leather. (P) 414
CECCONI, C. A. *See* VIDRICH, V.
CELADES, R., and A. SERRA. Autoignition of Crust Leathers. (A) 498
_____. *See* RUIZTUNEV, J.
CHATTERJEE, G. Topographical Distribution of Grease on Chrome Retan Upper Leather. (A)..... 502
CHAUDHARI, V. *See* KHANNA, J. K.
CHAUHAN, M., and J. KHANNA. Chrome Upper Leather from Flint Dried Cow Hides of Gujarat Region. (A) 431

CHONAN, Y., A. MATSUNAGA, and H. TOYODA. Chemical Modification of Carboxyl Group of Bovine Collagen Fiber with Carbodiimides. (A) 104
_____. *See* MATSUNAGA, A.
CIVARDI, F. P., and F. C. LOEW. Treated Fabric Structure. (P)..... 417
COOPER, J. E., E. H. BITCOVER, E. M. FILACHIONE, J. W. HARLAN, D. G. BAILEY, and S. H. FEAIRHELLER. Use of TOC as an Alternative to COD for Monitoring the Biooxidation of Tannery Unhairing Waste 331
_____. *See* BITCOVER, E. H.
CORRIERI, G. *See* PARRINI, P.
CORTESE, B., and E. DRIOLI. Ultrafiltration Experiences on Liquors Coming from Degreasing Hides and Skins in a Tannery. (A).... 504
COT, J. *See* VERA, V. D.

DAHMEN, K. *See* NOWAK, R.
DAS, D. H., and E. HEIDEMANN. Observations during the Recycling of Lime Liquors. (A) 423
DAS, D., and S. NANDY. A Comparative Study of Hair-Saving Methods of Unhairing. (A) 502
DAVIES, M. H., and J. G. SCROGGIE. Theory and Practice of Direct Chrome Recycling. (A) 421
DEL BORGHI, M. *See* TOMBETTI, F.
DEL PEZZO, L., G. DE SIMONE, and U. FIORE. Chemical, Physical and Technological Characteristics of Insole Materials (A) 63
_____, and G. GRASSO. Determination of Phenols in Tannin Containing Waste Waters. (A)..... 546
_____, M. TOMASELLI, and G. UMMARINO. Proposal of a 'Schematic Layout' for Tannery Effluent Purification Plants. (A)..... 505
_____, M. TOMASELLI, G. DE SIMONE, and G. UMMARINO. Not-Easily Removable Pollutants and Possible Modifications in the Tanning Process for Reducing them in the Tannery Effluent. (A)..... 507
_____. *See* DE SIMONE, G.
_____. *See* SIMONCINI, A.
DEMPSEY, M. The Dermal Surface of the Elephant and Hippopotamus Studied under the Electron Microscope. (A)..... 422
DE SIMONE, G. Characteristics of Car Upholstery Leathers. (A)..... 504
_____. A Defect on Leather, Originated in Beamhouse: 'Lime-Blasts'. (A) 504
_____. The Drying of Tanned Hides. (A) 61
_____. Hide Bating. (A)..... 63
_____. Main Characteristics of Protective Boots Leather. (A)..... 62

_____. Observations on Hide Substance Loss, Structural Swelling and Slackening of Hides in the Liming-Unhairing Baths. (A) 40
_____. Planning: Inside Transports in a Tannery. (A)..... 40
_____, L. DEL PEZZO, M. TOMASELLI, and G. UMMARINO. Importance of Tannery Effluent Characterization: Some Examples of Basic Projects for Purification Plants. (A) 505
_____. *See* DEL PEZZO, L.
_____. *See* SIMONCINI, A.
DOKOUPIL, J. Flexibilizing and Softening Leather. (P)..... 419
_____. Throughpass Leather Working Machine, Especially an Embossing and Ironing Machine. (P) 136
DONATI, M Recycling Processes for Tannery Solid Wastes. (A)..... 544
DOOLEY, W. E. 1980 Convention Opening Remarks..... 308
DORSTEWITZ, R. The Behavior of Hide and Leather in the Mechanical Operations of a Tannery - A Physical Interpretation. (A) 224
_____. *See* HEIDEMANN, E.
_____. *See* HO, ANH TUAN
DRIOLI, E. *See* CORTESE, B.
DRURY, E. E. Preservative for Hides. (P)..... 143
DURAISWAMY, B., and T. RANGANATHAN. Manufacture of Full Chrome Nappa Upper Leather. (A) 500
_____, and K. SARKAR. Improvement of Poor Hides with Emphasis on Beamhouse Pre-Tanning Operations, (Chrome Upper Leather). (A) 504

EBRO. L. L. *See* HENRICKSON, R. L.
ECKE T, G., F. KNAFLIC, F. MILLER, and A. ZISSEL. Dehairing Skin and Hide. (P)..... 144
EITEL, K. New Views on the Dyeing of Retanned Leather. (A)..... 319
_____, and E. RAU. Remarks on the Selection of Dyestuffs for Level Dyeing of Leather. (A) 318
EL-MARIAH, A. *See* LABIB, A.
ENDISCH, O. *See* PAUCKNER, W.
ERDMANN, I. *See* HEIDEMANN, E.
EVERETT, A. L. *See* BITCOVER, E. H.

FARAG, A. A. *See* SALAH, M.S.E.
FEAIRHELLER, S. H. New Uses of Hide Collagen. Introduction by the Moderator. 438
_____. *See* COOPER, J. E.
FEDELE, G. *See* SIMONCINI, A.
FEICHTMAYR, F. *See* LACH, D.

FEIKES, L. Experiences in Operating the Purification Plant of the Carl Freudenberg Tannery by the Lime Ferrous Sulfate Process. (A) . 224
FELICJANIAK, B. *See* PIETRZYKOWSKI, W.
FERRAIOLO, G. *See* TOMBETTI, F.
FILACHIONE, E. M. *See* COOPER, J. E.
FIORE, U. *See* DEL PEZZO, L.
FISCHER, K. H. *See* ZISSEL, A.
FRIESE, H. H. Effluent Problems in the Leather Industry. Demands and Constraints. (A) 317
_____, E. GRIESSMAYR, and E. VAETH. Leather Analysis by X-Ray Fluorescence. (A) 423
_____, and W. PRINZ. Ecology-Conscious Procedure for Depickling and Degreasing Small Skins. (A) 422
FUJITA, K. *See* SASAKI, T.
FUJIWARA, K. *See* SAKAKIBARA, S.
FUSI, P. *See* VIDRICH, V.

GABELMANN, E. *See* ZÄPFEL, H.
GANESAN, A. *See* RAO, M.
_____. *See* SRIVASTAVA, S.
GELO, H. *See* HEIDEMANN, E.
GEMEI, M. S. *See* SALAH, M.S.E.
GHOSH, D. *See* THAMPURAN, K.

Castalagin in leaves of European Chestnut 230
Castor oil, polyurethanes from, for leather finishes 503
Cellulose
fiber, leather substitutes from acrylic and vinyl polymers and 417
fiber, plastics reinforced by, as leather substitutes 142
leather substitutes from leather wastes and 316
Chamois
tanning, aldehyde pretreatment in 315
tanning, driers and oxidizing agents in 318
Chemical oxygen demand in monitoring of
bioxidation of unhairing wastes 331
Chlorohydrin, dyes, in leather dyeing 423

Chrome
complexes in glucose-reduced liquors and their affinity to collagen ... 150
determination of, in spent liquors 422
in leather wastes 16
in leather wastes, carcinogenicity of 319
oxidation state of, in tannery wastes, pH effect on 42
pigments, as carcinogens in leather industry 510
reaction of, with carboxyl groups of collagen 106
recovery of, from chromium-contaminated sodium bisulfate 143
recovery of, from tannery wastes, ash stabilization process for 322
recovery of, from waste leather, by oxidation 39
recovery of, from wastewater, tannery size in relation to 61
removal of, from waste leather, for gelatin manufacture 141
removal of, from wastewater by calcination 37
salts, interaction with surfactants, in simultaneous tanning and
fatliquoring 229
trivalent, in tannery wastes, effect on earthworms 300
trivalent, in tannery wastes, effect on plants 288

Chrome tanning
alkali aluminum silicates in 227
of box calf leather, wastewater recycling in 64
carboxylic acids in 145
chrome leaching from leather in relation to 429
complex formation in 420
dicarboxylic acids in, review on 230
fatliquoring in, interaction between surfactants and chrome salts in .. 229
of formaldehyde-modified hide powder, kinetics of 526
formates as masking agents in 65
formic acid and formates in 416
with improved exhaustion 378
rapid, in one hour 372
wastewater from, oxidation state of chrome in, pH effect on 42
wastewater from, recycling of 38, 226, 412, 421
wastewater from, treatment of, review on 224
Cleaners, rubber, for leather 142
Cleaning
of hair-covered hides 413
of hides and furs, alkali metal aluminosilicates in 416
of hides, with surfactants 147
Cobalt octoate in chamois tanning 318
Cobalt salts, treatment with, of sulfide-containing hides 147
Cockle defect in sheepskins, concealing of, by reliming and bating 49
Cod oil, collagen fibers tanned with, nonwoven textiles from 496

sulfur compounds in 144
thickness uniformity of grain split in 224
wastes from, biooxidation of, total organic carbon in monitoring of .. 331
wastewater from, flocculation of suspended solids from 108
Upholstery
leather 148
leather, for automobiles 504
leather, for furniture 141
leather, quality assurance of 422

Urea resins, molded, leather buffing dust as filler for 106
Urethane polymers
from castor oil, finishes from 503
fiber-reinforced, as leather substitutes 144
in retanning and finishing 431
tanning with 223

Vacuum in drying of leather 61
Vascalagin in leaves of European Chestnut 230
Vinyl monomers
graft polymerization of, on collagen, manganese-initiated 433
graft polymerization of, on collagen, mechanism of 431
Vinyl polymers, leather substitutes from acrylic polymers, cellulose and ... 417
Viscoelastic properties of hides and leather 224
Vulcanization paste for leather substitutes 142
VULLIERMET, BERNARD, Biography 232

WADA, KEIZO, Biography 100
Washing
of furs, alkali aluminum silicates in 227
of hides, optimization of 320
Wastes
chrome leather, carcinogenicity of 319
chrome leather, chrome removal from, for gelatin manufacture 141
chrome leather, oxidation of, for chrome recovery 39
chrome leather, trivalent chrome in, effect on earthworms 300
chrome leather, trivalent chrome in, effect on plants 288
chrome recovery from, ash stabilization process for 322
from fleshing, enzyme treatment of 227
hide, by-products from 16
hides and leather, recycling of 544
leather, feed, fertilizer and leather substitutes from 317
leather, leather substitutes from cellulose and 316
leather, protein hydrolyzates from condensation of, with sulfonic acids 211
oxidation of 39
recovery of, improvement of mass and energy balances in 233
solid, energy generation from 508
from unhairing, biooxidation of, total organic carbon in monitoring of 331
Wastewater
analysis of 507
chrome determination in spent liquors 422
from chrome tanning, oxidation state of chrome in, pH effect on 42

sulfide determination in liming-unhairing 62
tannin-containing, phenol determination in 546
trivalent chrome in, effect on earthworms 300
trivalent chrome in, effect on plants 288
water pollution by 200
water pollution by, legal limits for 317
Wastewater treatment
from beamhouse and chrome tanning, review on 224
of beamhouse effluent, systems analysis of 226
chrome recovery, ash stabilization process for 322
chrome recovery, tannery size in relation to 61
chrome removal, by calcination 37
flocculation of suspended solids, from unhairing effluent 108
heat, effect on bacteria 374
improvement of mass and energy balances in 233
by lime ferrous sulfate process 224
of municipal sewage with tannery effluents 426
oxidation 39
oxidation of collagen and tallow in 38
plants for 425, 505
recycling, in chrome tanning 38, 378, 412, 421
recycling, in chrome tanning of box calf leather 64
recycling, of beamhouse and chrome tanning effluents 226
recycling, of lime liquors 423
recycling, of liming-unhairing liquors 61
schematic layout of plant for 505
tanning effect on 507
ultrafiltration, of degreasing liquors 504
water resources economics in 225
Water conservation in washing of hides 320
Water pollution
by tannery effluents 200
by tannery effluents, legal limits for 317
Waterproofing
of leather and textiles with sulfonylurea 139
of leather with Densodrin E 420
Water solubles from vegetable-tanned sole leather, staining by,
of upper leathers 372
Water vapor, sorption of, by shoemaking materials 374
WELCH, ROBERT F., Biography 100
Whales, sperm, collagen of, review on 66
WHITE, ROBERT F., Biography 100
Wool, recovery of, by enzyme hydrolysis of sheepskin 229

X-ray fluorescence in leather analysis 423

Zinc salts as preservatives in hide curing 373
Zirconium salts, treatment with, of sulfide-containing hides 147
